## Travel Category Instructions and Regulations

### Instructions:

All offerors must follow evaluation criteria and instructions outlined in the MAS solicitation, including in SCP-FSS-001. The Travel category attachment outlines additional evaluation criteria, requirements and information specific to this category only. For a list of required Schedule templates and attachments, please visit [www.gsa.gov/masscopeandtemplates](http://www.gsa.gov/masscopeandtemplates).

For additional guidance and information for Schedule buyers and sellers, please visit our general guidance page at [www.gsa.gov/schedules](http://www.gsa.gov/schedules).

Note: GSA will not award any Drones/Unmanned Aircraft Systems (UAS), as defined in 49 USC Ch. 448, in response to this Large Category except those drones approved by the Department of Defense (DoD) Defense Innovation Unit (DIU) through its Blue sUAS Program.

#### **I-FSS-970 TRANSACTIONAL FEE AND SALES REPORTING (DEC 2022)**

- (a) The Contractor shall report the total number of transactions for applicable Special Items Numbers (SINS) made under this contract by calendar quarter.
- (b) The Contractor shall remit a fee per transaction at the rate set by GSA as follows:
- (1) The Contractor shall remit the transactional fee(s) in U.S. dollars within 30 calendar days after the end of the reporting quarter; final payment shall be remitted within 30 days after physical completion of the last outstanding task order or delivery order of the contract.
- (2) The transactional fee represents a set fee per transaction. This fee is set at the discretion of GSA, who has the unilateral right to change the fee at any time. The transactional fee covers an additional level of service that is provided by GSA to the Contractor.
- (d) All other terms of GSAR clause 552.238-80, Industrial Funding Fee and Sales Reporting, apply.

(End of clause)

#### **52.222-52 EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR CERTAIN SERVICES--CERTIFICATION (MAY 2014)**

- (a) The offeror shall check the following certification:

##### **CERTIFICATION**

The offeror *\$vendorInsert1* does *\$vendorInsert2* does not certify that--

- (1) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;
- (2) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror;
- (3) Each service employee who will perform the services under the contract will spend only a

small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR [22.1003-4](#)(d)(3) that the Service Contract Labor Standards statute —

(1) Will not apply to this offeror, then the Service Contract Labor Standards clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at FAR [52.222-53](#), Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services—Requirements, in this solicitation will not be included in any resultant contract awarded to this offer, and the offeror may be provided an opportunity to submit a new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision--

(1) The clause of this solicitation at [52.222-53](#), Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services—Requirements, will not be included in any resultant contract to this offeror; and

(2) The offeror shall notify the Contracting Officer as soon as possible if the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

### **FBG-0002 SPECIAL ORDERING PROCEDURES (SEP 2019)**

These ordering procedures apply to those purchases made under this schedule or through a travel management system as defined by the Federal Travel Regulation for civilian agencies and Joint Travel Regulations for military agencies. Based on the traveler's review of government-preferred suppliers and their negotiated rates through the travel management system for the designated destination, the traveler will select a lodging property on a best-value decision based on his/her agency's policies, the property's location, amenities, availability, price and mission needs.

Payment is normally made directly to the property by the individual traveler. Any payment method can be used; however, the most frequent form of payment is anticipated to be the government-wide commercial charge card for travel. Travel cards are approved and issued to travelers through their respective agency. Currently, Citibank and US Bank are the Government's card issuers. Additional information about the government-wide commercial charge card can be found at the GSA SmartPay® website <https://smartpay.gsa.gov/content/state-tax-information>.

Net billing is required. The Contractor shall honor the contract rate when presented/provided with the proper government-wide commercial charge card number or other authorized form of payment. In order to effectuate the recognition of contract rates at the point-of-sale, the current government-wide commercial charge cards use the following point-of-sale, the current government-wide commercial

charge cards use the following 4-digit prefixes:

<b>Travel</b>		
Prefix (1 <sup>st</sup> four Digits)	4614 - Visa 4615 - Visa 4486 - Visa 5565 - Mastercard 5568 - Mastercard	
6 <sup>th</sup> Digit	0	GSA SmartPay Tax Advantage CBA by MCC
	1	IBA
	2-4	IBA
	5	Reserved
	6-9	CBA

The Contractor shall also have the capability of direct billing to an ordering agency as a form of payment such as a purchase order.

The Government assumes no liability for payment of rooms booked by or on behalf of individual travelers or authorized users unless otherwise specified for direct billings between the Contractor and the ordering agency.

### **52.222-46 EVALUATION OF COMPENSATION FOR PROFESSIONAL EMPLOYEES (FEB 1993)**

(a) Recompensation of service contracts may in some cases result in lowering the compensation (salaries and fringe benefits) paid or furnished professional employees. This lowering can be detrimental in obtaining the quality of professional services needed for adequate contract performance. It is therefore in the Government's best interest that professional employees, as defined in 29 CFR 541, be properly and fairly compensated. As part of their proposals, offerors will submit a total compensation plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract. The Government will evaluate the plan to assure that it reflects a sound management approach and understanding of the contract requirements. This evaluation will include an assessment of the offeror's ability to provide uninterrupted high-quality work. The professional compensation proposed will be considered in terms of its impact upon recruiting and retention, its realism, and its consistency with a total plan for compensation. Supporting information will include data, such as recognized national and regional compensation surveys and studies of professional, public and private organizations, used in establishing the total compensation structure.

(b) The compensation levels proposed should reflect a clear understanding of work to be performed and should indicate the capability of the proposed compensation structure to obtain and keep suitably qualified personnel to meet mission objectives. The salary rates or ranges must take into account differences in skills, the complexity of various disciplines, and professional job difficulty. Additionally, proposals envisioning compensation levels lower than those of predecessor contractors for the same work will be evaluated on the basis of maintaining program continuity, uninterrupted high-quality work, and availability of required competent professional service employees. Offerors are cautioned that lowered compensation for essentially the same professional work may indicate lack of sound management judgment and lack of understanding of the requirement.

(c) The Government is concerned with the quality and stability of the work force to be employed on this contract. Professional compensation that is unrealistically low or not in reasonable relationship to the various job categories, since it may impair the Contractor's ability to attract and retain competent

professional service employees, may be viewed as evidence of failure to comprehend the complexity of the contract requirements.

(d) Failure to comply with these provisions may constitute sufficient cause to justify rejection of a proposal.
