COVER PAGE

GSA is moving to one Professional Services Schedule (PSS).

New offers for GSA Schedules 520 (FABS), 541 (AIMS), 738II (Language), 871 (PES), 874 (MOBIS), 874V (Logistics), and 899 (Environmental) are no longer being solicited or accepted. As of this refresh, offers must be submitted under the Solicitation Number FCO00CORP0000C for the Consolidated (00CORP) Schedule.

The FCO00CORP0000C solicitation can be accessed from www.fbo.gov.

Additional information:

Professional Services Schedule

As one of several professional services category initiatives, GSAs Federal Acquisition Service (FAS) will be working to improve its professional services Schedule offerings. A first step in this initiative will be to consolidate Multiple Award Schedule (MAS) services offerings. Below is information about why FAS believes this is necessary and the next steps FAS will be taking.

Currently, there are over 4,400 professional services contracts across eight (8) Schedules. The scope of the various Schedules frequently overlaps, which has caused confusion about which MAS is the best fit for a federal agency's requirements and acquisition objectives. Service acquisitions are increasingly complex and demand a total solution that may involve several different Schedule offerings. Using multiple Schedules to acquire a total solution further complicates the procurement process, and often discourages Contracting Officers from using Schedules.

Multiple MAS contracts for services have also presented challenges for GSAs industry partners, with many managing multiple MAS contracts. Currently, there are approximately 527 contractors who hold more than one professional service Schedule contract. Their contracts are negotiated independently, managed independently, and audited independently, costing both contractors and GSA scarce contract administration resources.

In an environment of declining budgets and increasing demands on the acquisition workforce, improvements must be made to GSAs professional services Schedules. By having fewer Schedules, or optimally one professional services Schedule, GSA can achieve:

Improved contract usability: agencies can obtain and contractors can provide total service solutions through one contract vehicle;

Increased program efficiency by managing fewer contracts and solicitations;

Reduced administrative costs to industry by reducing the number of contracts they manage; and,

Elimination of the need to submit separate offers for professional services as firms would have the ability to submit a modification request instead and this equates to a substantial decrease in time required to add new services.

The shortcut to the GSA.gov PSS page is www.gsa.gov/psschedule.

The GSA Multiple Award Schedule (MAS) program has experienced a significant and sustained increase in new offers over the past several years. Due to the large number of new offers currently in process, it may take up to 12 months or longer before an offer is evaluated. Historically, GSA's practice was to evaluate offers in the order in which they were received. GSA now processes offers in the manner that is determined to be most effective, considering strategic or tactical priorities, customer requirements, available personnel resources, complexity and/or quality of the offers received, and other factors of relevance to the MAS program.

SCP-FSS-001 INSTRUCTIONS APPLICABLE TO ALL OFFERORS (MAR 2015)

- (a) Read the entire solicitation document prior to preparation of your offer.
- (b) Electronic submission of offers via GSA's eOffer web-based application (<http://eOffer.gsa.gov>) is mandatory.
- (c) Offers must be current, concise, and complete, and demonstrate a thorough understanding of solicitation requirements. By submission of an offer, the Offeror attests that there have been no exceptions taken to the terms and conditions of this solicitation unless otherwise explicitly identified as required in eOffer (see "Exceptions to Terms and Conditions" under the Standard Response module).
- (d) If the Offeror was previously awarded a Schedule contract that was cancelled or allowed to expire due to low or no sales, a new offer for the same Schedule will not be considered unless a minimum of 12 months have passed since the effective date of the cancellation or the expiration date of the previous contract. Any offer submitted prior to the completion of this 12-month period will be rejected.
- (e) By submission of an offer, the Offeror attests that it understands and agrees to comply with the requirements of clause 552.238-74 *Industrial Funding Fee and Sales Reporting*.
- (f) In addition to full compliance with the requirements of this provision (SCP-FSS-001), the Offeror must also comply with the following provisions, as applicable. Failure to comply with an applicable provision will result in rejection of the offer.

Solicitation provisions and their applicability are detailed below:

- (1) SCP-FSS-002 *Specific Proposal Submission Instructions for Services* – Applies to offers for services only, except Schedule 70.
- (2) SCP-FSS-003 *Specific Proposal Submission Instructions for Products* – Applies to offers for products only, except Schedule 70.

Offerors proposing both products and services must comply with the requirements of SCP-FSS-002 and SCP-FSS-003. Offers submitted under Schedule 70 are required to comply with SCP-FSS-004 only, regardless of whether products and/or services are offered.

(g) The following documents must be submitted by all offerors and are detailed in paragraph (j). See SCP-FSS-002, -003, -004, -005, and -006 as applicable, for additional documents that are required based on specific product and service offerings.

The Offeror must complete and upload the following documents to the eOffer application:

If an offer is withdrawn, a new offer can be resubmitted at a later date. Information saved from the previous withdrawn offer can be copied over to the new offer, excluding uploaded documents.

(i) The proposal instructions in SCP-FSS-001 are common to all solicitations. Some Schedules and SINs have additional requirements specific to that particular Schedule or SIN. Please review the solicitation attachments “Read Me First” and/or “Critical Information” for specific Schedule or SIN requirements.

(j) All Offerors must comply with the following:

- (1) **Section I - Administrative/Contract Data**

(i) A designated Authorized Negotiator who is also a company officer (i.e., President, CEO, CFO, etc.) must complete (or have completed it within the past year from the date of offer submission) the *Pathway to Success* training. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at <https://gsafas.secure.force.com/MASTrainingHome> or through the Vendor Support Center (<http://vsc.gsa.gov>) by selecting the “Education” tab and then “Pathway to Success.” The training session is less than two hours total and covers the major factors vendors should consider prior to submitting an offer to GSA. eOffer will verify the name of the person that completed the Pathway to Success training and the date of completion.

(ii) The Offeror must complete and submit the Readiness Assessment for Prospective Offerors. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at <https://gsafas.secure.force.com/MASTrainingHome> or through the Vendor Support Center (<http://vsc.gsa.gov>) by selecting the “Education” tab and then “Vendor Toolbox (Readiness Assessment).” The Readiness Assessment must be completed by a company officer (i.e., President, CEO, CFO, etc.) and completed/dated within the past one year period. This tool is designed to assist vendors in determining whether they are ready to pursue a Schedule contract and prepares them to navigate the Schedule proposal process.

(iii) The Offeror must be registered with the System for Award Management (SAM) at <http://www.sam.gov>. The information provided must be current, accurate, and complete, and reflect the North American Industrial Classification System (NAICS) code(s) for this solicitation and the SINs proposed. SAM consolidates the information previously contained in the Central Contractor Registration (CCR), Excluded Parties List System (EPLS), and Online Representations and Certifications Application (ORCA) databases.

(iv) The Offeror must provide the following, as applicable:

(A) A copy of any cancellation letters received within the preceding two-year period for previously-awarded Schedule contracts

(B) A copy of any rejection notices received within the preceding two-year period for previously-submitted Schedule offers

(C) If a contract was previously awarded under THIS Schedule, and it was subsequently cancelled or allowed to expire due to low sales, a detailed description of the steps the Offeror plans to take to generate sales through a new contract that includes the following:

- 1) A copy of the cancellation letter or notification of determination not to exercise an option
- 2) Current Federal sales in excess of \$25,000, as evidenced by copies of contractual documents that identify the Federal entity and the date and value of the product or services provided
- 3) Demonstrate that there is a reasonable expectation that any future award will comply with clause I-FSS-639 *Contract Sales Criteria*
- 4) Provide a marketing plan detailing the steps you plan to take to generate sales through a new GSA Schedule contract

(D) Information regarding any pending offers under other Schedules, to include the name and phone number of the assigned GSA contract specialist.

(E) Information regarding any currently awarded GSA Schedule contracts, to include the awarded contract number and price list.

(v) The Offeror must provide financial statements for the previous two-year period (audited, if available). At a minimum, each financial statement must consist of a balance

sheet and income statement. GSA will use this information to determine financial responsibility. Provide an explanation for any negative financial information disclosed, including negative equity or income. Offerors may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available. In accordance with Federal Acquisition Regulation (FAR) 9.103(a), contracts will only be awarded to responsible prospective contractors. To be determined responsible, the Offeror must have adequate financial resources to perform the contract or the ability to obtain them. Note that 1.) submission of a GSA Form 527 does not meet the aforementioned requirements, and 2.) offerors are NOT to submit tax returns.

(vi) The Offeror must prepare and submit a Small Business Subcontracting Plan, if applicable. The Offeror is to complete the Small Business Subcontracting Plan module in eOffer if, pursuant to the applicable NAICS codes and size standards, the Offeror is determined to be other than a small business concern for purposes of this solicitation. Large businesses, nonprofit organizations, and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan as detailed in clause 552.219-72 *Preparation, Submission, and Negotiation of Subcontracting Plans*, incorporated by reference. The Government will review each plan to ensure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiation, along with the terms and conditions of any contract resulting from this solicitation. The Offeror's subcontracting plan must be approved by the contracting officer prior to award. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your offer.

Note: GSA's subcontracting goals can be found at the following website:
<http://www.sba.gov/content/smallbusinessgoalings>

(vii) Unless otherwise requested, the Offeror shall not submit brochures, newsletters, or other marketing materials.

(viii) An Agent Authorization Letter must be completed and submitted as part of the offer if a consultant or third-party agent assisted in the preparation of the offer, will be involved in any part of the negotiation of the offer, or will be involved in any post-award actions. The template for the Agent Authorization Letter can be found as an attachment to the solicitation. The Agent Authorization Letter has both pre and post award delegations. For any resultant contract, the contractor is responsible for initiating a modification to ensure all authorized negotiators and delegations are up-to-date (e.g., removing an authorized negotiator that only has pre-award delegations).

(2) Section II - Technical Proposal

The Offeror must address the three technical proposal factors below.

(i) Factor One - Corporate Experience: The Offeror must submit a narrative description of its corporate experience. This narrative cannot exceed two pages and must address the following:

- (A) The number of years of corporate experience in providing the products/services described under this Schedule, regardless of the specific products/services being proposed - a minimum of two (2) years of corporate experience is required
- (B) Organization's number of employees, experience in the field, and resources available to enable it to fulfill requirements
- (C) Brief history of the Offeror's activities contributing to the development of expertise and capabilities related to this requirement
- (D) Information that demonstrates the Offeror's organizational and accounting controls
- (E) A description of the resources presently in-house or the ability to acquire the

type and kinds of personnel/products proposed

(F) A description of how the Offeror intends to market the proposed products/services to Federal clients

(G) A discussion regarding the intended use of subcontractors

(ii) Factor Two - Past Performance: The Offeror must order and obtain a Past Performance Evaluation from Open Ratings, Inc. (ORI). Offerors are responsible for payment to ORI for the Past Performance Evaluation.

(A) Past Performance Evaluations are valid for a period of one year from the date of issuance by ORI. If the evaluation was issued more than one year prior to the date of proposal submission via eOffer, the proposal will be rejected.

(B) The order form must be completed with a minimum of six (6) customer references. A "customer reference" is defined as a person or company that has purchased relevant products/services from the Offeror. The Offeror is advised to use references from projects involving products/services related to this solicitation and/or those performed under NAICS code(s) applicable to proposed products/services.

(C) The Offeror must submit one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form with its proposal. Failure to submit the completed evaluation and order form will result in rejection of the proposal.

(D) The Offeror must address any negative feedback for each of the feedback categories contained in the ORI report, to include actions taken to minimize the problems that resulted in negative feedback.

(iii) Factor Three - Quality Control: The Offeror is to submit a single narrative for this factor, regardless of the number of products/services offered. This narrative cannot exceed two (2) pages and must address the following:

(A) A description of internal review procedures that facilitate high-quality standards

(B) Identification of individuals responsible for ensuring quality control

(C) Whether or not subcontractors are used and, if so, the quality control measures used to ensure acceptable subcontractor performance

(D) How potential problem areas and solutions are handled

(E) The procedures for ensuring quality performance when meeting urgent requirements

(F) How quality control will be managed when completing multiple projects for multiple agencies simultaneously

(3) Section III - Price Proposal

(i) GSA's pricing goal is to obtain equal to or better than the Offeror's Most Favored Customer (MFC) pricing under the same or similar terms and conditions. GSA seeks to obtain the Offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. However, offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers."

(ii) Submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the Offeror's commercial practices. Pricing must be clearly identified as based either on a "Commercial Price List" or a "Commercial Market Price," as defined in FAR 2.101 (see "Catalog Price" and "Market Prices" under the definition of "Commercial Item").

(A) If the MFC is a Federal agency, but sales exist to commercial customers, identify which, if any, of the commercial customers receive the Offeror's best price.

(B) Proposed prices must include the 0.75% Industrial Funding Fee (IFF) (see contract clause 552.238-74 *Industrial Funding Fee and Sales Reporting*). This fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

(iii) Provide supporting documentation for EACH proposed product/service price. Supporting pricing documentation may consist of published and publicly available commercial catalogs/price lists, copies of invoices, contracts, quote sheets, etc., and must be submitted with the offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be clearly labeled with the name of the corresponding proposed product/service.

(iv) The Offeror must submit a detailed price narrative containing sufficient information for each of the products/services offered to enable the contracting officer to determine that offered prices are fair and reasonable. For example, if a price offered to GSA is not equal to or better than the price offered to the Offeror's designated Most Favored Customer, the narrative must explain the rationale for proposing such a price in a manner sufficient to enable the contracting officer to determine that the rate is fair and reasonable. Any deviation from the Offeror's commercial sales practices must be explained, including the specific circumstances and frequency of the deviations.

The Offeror must also propose a mechanism for future price adjustments, as detailed below:

(A) If pricing proposed in the Price Proposal Template is based on a commercial price list, submit a copy of the company's current, dated price list, catalog, or standard rate sheet (note that this must be an existing, standalone document, and not prepared for purposes of this solicitation). Future price adjustments for pricing based on a commercial price list are subject to clause 552.216-70 *Economic Price Adjustment – Multiple Award Schedule Contracts*.

OR

(B) If pricing proposed in the Price Proposal Template is based on commercial market prices, future price adjustments are subject to clause I-FSS-969 *Economic Price Adjustment – FSS Multiple Award Schedule*. The Offeror must either propose a fixed annual escalation rate or identify a relevant market indicator (e.g., the Bureau of Labor Statistics Employment Cost Index).

(v) Travel will be handled in accordance with clause C-FSS-370 *Contractor Tasks/Special Requirements*. Costs for transportation, lodging, meals and incidental expenses are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. These costs should not be included in proposed prices, as they are to be coordinated at the order level.

(vi) Complete the Commercial Sales Practices Format (CSP-1) in eOffer in accordance with the instructions provided. Provide a rationale for the given estimate of GSA contract annual sales.

(k) Raising the Bar

In an effort to raise standards under the MAS Program, the following requirements have been highlighted in all solicitations and are relevant to this Schedule, as applicable:

(1) AbilityOne Program Products

The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. In order to distribute AbilityOne products, a vendor must be an authorized AbilityOne Program distributor as designated by the U.S. AbilityOne Commission.

Certain commercial products are considered “essentially the same” (ETS) as AbilityOne products. Because AbilityOne products are mandatory purchases for Federal customers, the Offeror is required to remove any ETS items from its MAS proposal. This applies only to the following Schedules: 73 - Food Service, Hospitality, Cleaning Equipment and Supplies, Chemicals and Services; 75 - Office Products/Supplies and Services and New Products/Technology; 51V - Hardware Superstore; and 70 - General Purpose Commercial Information Technology Equipment, Software, and Services.

For more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit www.abilityone.gov, or contact Mr. Eric Beale at ebeale@abilityone.gov/(703)603-2119.

(2) Manufacturer Part Number and Universal Product Code Data

Manufacturer Part Number (MPN) data must be submitted for all products. The Offeror must ensure that the MPN for each proposed product reflects the actual number assigned. Universal Product Code Type A (UPC-A) data must also be submitted for all products for which this information is commercially available. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the associated product may not be awarded.

(3) Frustrated Freight (applicable only to overseas delivery)

The Offeror must maintain an order tracking system that permits ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance.

The Offeror must also demonstrate understanding of orders bound for an international endpoint delivery by providing a sample electronic version of a label appropriately marked in accordance with the FED-STD-123 and MIL-STD-129 edition in effect as of the date of solicitation issuance. An offer for OCONUS delivery will not be accepted if the offer does not demonstrate a proper tracking system and provide a sample packaging label for international delivery.

(4) Full-Product and Broad-Service Offerings

The Offeror must provide a full and broad array of proposed products/services. Offers will not be accepted with limited product/service offerings unless it represents a total solution for the proposed SINs.

(5) Fair and Reasonable Pricing

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted.

Begin Regulation

**SCP-FSS-002 SPECIFIC PROPOSAL INSTRUCTIONS FOR
SERVICES (MAR 2014)**

- (a) Read the entire solicitation document prior to preparation of an offer.
- (b) The Offeror must comply with the instructions outlined in SCP-FSS-001 INSTRUCTIONS APPLICABLE TO ALL OFFERS (MAR 2014).
- (c) The proposal instructions in SCP-FSS-002 are common to all solicitations that include services (except Schedule 70). Some Schedules and SINs have additional requirements specific to that particular Schedule or SIN. Please review the solicitation attachments “Read Me First” and “Critical Information” for additional information, requirements, and terms and conditions specific to a particular Schedule or SIN.
- (d) Offerors proposing services must also comply with the following:

(1) Section I Administrative/Contract Data –

- (i) Complete the Summary of Offer document.

(2) Section II Technical Proposal

The Offeror must address a fourth technical factor as described below:

- (i) Factor Four – Relevant Project Experience: The Offeror must submit a narrative demonstrating relevant project experience. A narrative is required for each proposed services SIN and must include the following:

(A) A description of two (2) relevant projects, not to exceed four (4) pages per project. Each description must clearly indicate the SIN to which it applies, and identify the specific services being proposed under that SIN. The projects must either have been completed within the last two years or be ongoing. For ongoing contracts with a base year and option years, at a minimum, the base year must have been completed; for multiyear task orders, at a minimum, the first year must have been completed.

Each project description must also address the following elements:

- 1) Detailed description of SIN-relevant work performed and results achieved
- 2) Methodology, tools, and/or processes utilized in performing the work
- 3) Demonstration of compliance with any applicable laws, regulations, Executive Orders, OMB Circulars, professional standards, etc.
- 4) Project schedule (i.e., major milestones, tasks, deliverables), including an explanation of any delays
- 5) How the work performed is similar in scope and complexity to the work solicited under the proposed SIN
- 6) Demonstration of required specific experience and/or special qualifications detailed under the proposed SIN.

The Offeror may use the same project in support of more than one SIN as long as the description clearly identifies the SIN-relevant work. All examples of completed services must have been deemed acceptable by the customer.

(B) For each project description, the following customer reference information must also be provided (this data is not counted towards the four-page-per-project limitation):

- (1) Customer/client name
- (2) Project name/contract number
- (3) Customer point of contact for project
- (4) Point of contact phone number and email

- (5) Project performance period (include months/years)
- (6) Dollar value of the entire project
- (7) Dollar value received for the work performed relevant to the SIN offered
- (8) Brief summary of the project as a whole (background, purpose, etc.)
- (9) A copy of the Statement of Work for the project

(C) If relevant project experience does not exist, the Offeror may substitute the relevant projects of predecessor companies or key personnel that will be performing major aspects of the work. If the Offeror chooses to make such a substitution, the narratives must clearly identify the entity or personnel that performed the services.

Note: Project Experience substitutions are not allowed for Schedule 84 Total Solutions for Law Enforcement, Security, Facility Management, Fire, Rescue, Clothing, Marine Craft and Emergency/Disaster Response.

(3) Section III Price Proposal:

(i) Offeror must address additional pricing requirements as described below: The Offeror has the option to propose separate rates for "domestic" versus "overseas" and/or "customer facility" versus "contractor facility" if there are variations in costs that depend on where the work is performed. Rates proposed in this manner must be clearly labeled as such and supported through the submission of supporting price documentation.

1. For each proposed labor category, the Offeror must provide a detailed position description. Position descriptions must include functional responsibilities, minimum years of experience, minimum educational/degree requirements, and any applicable training or certification requirements. If it is the Offeror's standard commercial practice to substitute experience for education, explain the methodology in use (*e.g.*, five years experience equates to a BA/BS degree). Once the contract is awarded, these descriptions will become part of the Authorized Federal Supply Schedule Price List. It is the responsibility of the offeror to post the approved descriptions to GSA *Advantage!*®.

2. Proposed prices must represent fully-burdened rates inclusive of all cost factors (*e.g.*, direct labor, indirect labor, G&A, profit, and IFF).

(ii) The Offeror must submit a Professional Compensation Plan in accordance with clause 52.222-46 *Evaluation of Compensation for Professional Employees*. Individual compensation disclosure is not required. Submission of the general compensation practices printed in the Offeror's employee handbook is often sufficient.

(iii) The Offeror must submit a copy of its policy that addresses uncompensated overtime, in accordance with clause 52.237-10 *Identification of Uncompensated Overtime*.

(iv) Service Contract Act: Applicable to this solicitation (Service Contract Act 52.222-41, and related clauses 52.222-42, 52.222-43, and 52.222-49)

1. The Service Contract Act (SCA) applies to all nonprofessional services to be provided under this Schedule except for any pricing offered for services outside of the United States. The SCA index of applicable wage determinations for this solicitation and resultant contract are shown in FedBizOpps document, "SCA Index of Wage Determinations." The full-text version of each wage determination can be viewed at www.wdol.gov. Some of the proposed labor categories may be subject to the SCA (usually nonprofessional categories). As such, the Offeror should verify that its proposed base rates and fringe benefit rates for these labor categories meet or exceed the SCA wage determination rates and fringe benefits for the areas included in the geographic scope of the contract (*i.e.*, nationwide); the Offeror will be required to comply with applicable SCA wage determination

rates and fringe benefits regardless of the price proposed and awarded on any resultant Schedule contract. The Offeror may be required to submit supporting documentation for the proposed rates that will allow the contracting officer to conduct cost analysis to determine that offered prices are fair and reasonable.

2. Schedule contractors must comply with the base rate and fringe benefit rate requirements of the prevailing rate SCA Wage Determination (WD) Revision Number currently incorporated into the GSA Schedule contract. No prevailing rate WD may be incorporated into a task order as the order may then be in conflict with the Schedule contract terms and conditions. However, WDs based on collective bargaining agreements (CBAs) may be incorporated into a task order if the task order is found to be a successor contract as used in FAR Subpart 22.10; a CBA WD would be applicable only to the task order it is incorporated into and no other orders under that Schedule contract.

3. In the price proposal, indicate which proposed labor categories are subject to the SCA by placing a double asterisk (**) next to the labor category name.

4. The following paragraph is meant to be instructive and NOT to be copied as part of proposed Schedule pricing:

For all the Offeror's identified SCA-eligible labor categories, map them to the SCA-equivalent labor category title (titles/descriptions available at <http://www.wdol.gov> - click on the "library" link, then download the SCA Directory of Occupations, 5th Edition). Also identify the WD# that the labor categories in your offer are predicated on. Note that the applicable revision number for any Wage Determination number is the revision number identified in the solicitation index of wage determinations.

5. There are two possible strategies for determining price adjustments under SCA-eligible labor categories. All price adjustments under SCA-eligible labor categories shall be in accordance with clause 52.222-43.

52.222-43 Fair Labor Standards Act and Service Contract Act Price Adjustment (Multiple Year and Option Contracts). Price adjustments for SCA-applicable labor categories shall be in accordance with clause 52.222-43 *Fair Labor Standards Act and Service Contract Act Price Adjustment (Multiple Year and Option Contracts)*. When a modification is issued to all contract holders incorporating a revised index of wage determinations, contractors shall notify the contracting officer of any increase/decrease claimed under clause 52.222-43 within 30 calendar days after receipt of the modification.

In addition to clause 52.222-43, one of the following two methods of escalation will be awarded.

Method 1: An escalation method is negotiated prior to award in accordance with the clause I-FSS-969 *Economic Price Adjustment - FSS Multiple Award Schedule*, utilizing any of the methods available in the solicitation under that clause.

OR

Method 2: When the offered prices are based upon a commercial price list, only revisions in the commercial price list will enable the contractor to revise Schedule contract prices. Schedule contract price increases will be allowed only in accordance with clause 552.216-70 *Economic Price Adjustment - FSS Multiple Award Schedule Contracts*.

Regardless of the method used, the contractor must ensure that within 30 calendar days after the effective date of any contract modification to revise pricing based on changes in the applicable wage determination(s), the contractor's electronic catalog is updated on GSA Advantage!®.

Note 1: The contractor will not automatically be allowed an increase in prices based solely on new wage determinations.

Note 2: Reference Code of Federal Regulations, Title 29, Labor, Subtitle A Office of the Secretary of Labor, Part 4 Labor Standards for Federal Service Contracts, Subpart D Compensation Standards, paragraph 4.161 Minimum monetary wages under contracts exceeding \$2,500, which states: "No change in the obligation of the contractor or subcontractor with respect to minimum wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract."

6. Utilize the following spreadsheet format (labor categories shown are for example purposes):

SCA Matrix		
SCA Eligible Contract Labor Category	SCA Equivalent Code Title	WD Number
Secretary	01115 General Clerk I	052059
Driver	31361 Truck driver, Light Truck	052059
Engineering Technician	29081 Engineering Technician I	052059
Administrative Assistant	01011 Accounting Clerk I	052059

7. Insert the following language below the above SCA matrix and insert both (matrix and language) at the end of the proposed GSA price list.

"The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated (**) SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e. nationwide). "

CBP's determinations or opinions are based upon tariff laws. The Offeror may also request an opinion from a third-party expert or make the determination itself. The Internet address for CBP is: <http://www.cbp.gov/>. . The Offeror should keep this requirement in mind when completing the TAA certification section of its SAM registration. When evaluating offers, the contracting officer will rely solely on the representations and certifications of the Offeror and will not make substantial transformation determinations.

(iii) If the Offeror is not the manufacturer of the product(s) being proposed, an acceptable Letter of Commitment/Supply must be provided. See clause I-FSS-644 *Dealers and Suppliers in the Basic Solicitation* and the letter requirements. Failure to provide acceptable Letters of Commitment/Supply may result in rejection of the offer. Part I - GOODS & SERVICES

NOTICE: As part of GSA's continuing effort to improve the Multiple Award Schedules (MAS) program, the following requirements have been incorporated, effective the date of this refresh.

FULL PRODUCTS AND BROAD SERVICES OFFERING

Offeror must provide a full and broad offering on services and/or products. Offers will not be accepted with only limited item/offering (product, labor category, training course, or fixed-price service) unless it represents a total solution for the Special Item Numbers (SINs).

FAIR AND REASONABLE PRICING

To determine fair and reasonable pricing, the GSA Contracting Officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers which provide Most Favored Customer pricing, but which are not highly competitive will not be found fair and reasonable and will not be accepted.

Scope of Schedule 520 Financial and Business Solutions (FABS)

OVERVIEW

Under the GSA Schedules Program (also referred to as Multiple Award Schedules and Federal Supply Schedules), GSA establishes long-term government-wide contracts with commercial firms to provide access to over four million commercial services and products. These can be ordered directly from GSA Schedule contractors or through the GSA Advantage! On-line shopping and ordering system.

PURPOSE

The purpose of this Financial and Business Solutions (FABS) Solicitation is to provide a full range of professional financial services as specified in individual task orders placed by ordering agencies.

The Contractor shall ensure that its staff maintains any generally required professional certification, accreditation, and proficiency relative to their area of expertise. The Contractor shall retain documentation of such records. The Government will not pay for expenses to meet this requirement.

All work shall be performed in accordance with the most current edition of all applicable laws, regulations, Executive Orders, OMB bulletins or circulars, professional standards, etc. It is the responsibility of the Contractor to properly identify and comply with all applicable requirements and standards as the specific circumstances may warrant.

Certain licensing requirements and professional expertise may be required for specified tasks. These requirements may include but are not limited to Certified Public Accountants (CPA), Certified Information Systems Auditors (CISA), Certified Financial Planners (CFP), Certified Government Financial Managers (CGFM), Certified Management Accountants (CMA), Certified Management Consultants (CMC), etc. The ordering agency shall specify any special licensing requirement and/or professional standard. Ordering agencies and contractors are cautioned to avoid conflicts of interest when placing task orders for auditing or consulting work.

SCOPE OF SERVICES

The Contractor will be responsible for delivering services for ordering agencies with multiple organizational levels and geographic locations nationwide and/or worldwide. The Contractor shall be capable of handling multiple task orders simultaneously (with an approximate average value of \$100,000 each).

Note 1: Personal Services Contracts as defined in FAR 37.101 and FAR 37.104 are strictly prohibited. Agencies are prohibited from utilizing service contracts to augment government staff. A contractor is equally prohibited from knowingly offering to supplement government staff by engaging in a personal services contract/task order.

Note 2: Architect-Engineering (A/E) Services as that term is defined in FAR 36.601-4 are excluded from the Schedules Program. If the agency's statement of work, substantially or to a dominant extent, specifies performance or approval by a registered licensed architect or engineer for services related to real property, the Brooks Architect-Engineers Act applies and such services must be procured in accordance with FAR Part 36. Use of this schedule for Brooks Act architectural or engineering services is not authorized.

Overseas Differential Pay (Reference PIN 2007-04 of 29 March 2007, "Option 1")

The purpose of this provision is to describe how overseas differential pay will be handled on any task orders issued pursuant to Federal Supply Schedule contracts for services. Definition: Overseas differential pay includes many types of allowances, including Post (Cost of Living) Allowance, Post (Hardship) Differential, Living Quarter Allowance, Education Allowance, Foreign Per Diem, and Danger Pay Allowance. Contractor personnel may be required to perform services in areas designated by the Department of State as Danger Pay or Hardship Posts for a variety of reasons, including contingency operations, humanitarian or peacekeeping operations, military exercises and/or operations, or diplomatic missions.

The Department of State's Standardized Regulations (DSSR) provides the regulations governing allowances, differentials (i.e. Hardship Post and/or Danger Pay) and definitions for all designated areas for all U.S. Government civilian employees. The DSSR provides for additional compensation for service in foreign locations where conditions of environment differ so substantially from conditions of environment in the continental U.S. that additional compensation is warranted and necessary as a recruitment or retention incentive. For U.S. Government civilian employees, hired in the United States, these are cumulative with a maximum of 35 percent each over the basic pay. (The cumulative maximum differential is 70 percent over basic pay, for an overall compensation of 170 percent of base pay.)

Applicability to contract performance: In order to facilitate contractor performance in areas where these differentials may be appropriate, this provision allows the use of the State Department's regulations and allowances as a basis for establishing differential labor rates on task orders. Information on current rates is available at the U.S. Department of State, Office of Allowances web site (http://aoprals.state.gov/Web920/default.asp?menu_id=95). If payment of a differential is determined appropriate by the task order contracting officer, that contracting officer may utilize any method to determine the labor rate (or additional price if pricing is based on other than labor rates) actually paid to the contractor. However, in no event shall the total price paid exceed the Schedule contract price plus the State Department compensation rate applicable to the locality in question.

Example: A task order is contemplated with performance in Kabul, Afghanistan. As of the date of the contractor's quotation, the State Department allowance for this location is 70%. The contract rate for the labor category in question is \$100.00 per hour. Therefore, the maximum allowable differential rate for that labor category would be \$170.00 per hour.

Notice of the Federal Procurement Law Affecting All Electronic and Information Technology developed, procured, maintained, or used by the Federal Government (Section 508)

SECTION 508 CONFORMANCE. Section 508 is a part of the Rehabilitation Act of 1973 which requires that Electronic and Information Technology (EIT) that is developed, procured, maintained, or used by the Federal government be accessible to persons with disabilities. On August 7, 1998, the President signed into law the Workforce Investment Act of 1998, which includes the Rehabilitation Act Amendments of 1998. Section 508 was originally added to the Rehabilitation Act in 1986; the 1998 amendments significantly expand and strengthen the technology accessibility requirements in Section 508.

Section 508 requires that when Federal agencies develop, procure, maintain, or use electronic and information technology, they shall ensure that the electronic and information technology allows Federal employees with disabilities to have access to and use of information and data that is comparable to the access to and use of information and data by Federal employees who are not individuals with disabilities, unless an undue burden would be imposed on the agency. Section 508 also requires that individuals with disabilities, who are members of the public seeking information or services from a Federal agency, have access to and use of information and data that is comparable to that provided to the public who are not individuals with disabilities, unless an undue burden would be imposed on the agency.

Section 508 Standards Applicable to this Effort:

The Section 508 standards in 36 CFR 1194 are incorporated into and made part of all task/delivery orders awarded under a GSA Schedule to procure Electronic and Information Technology (EIT). These standards are found in their entirety at: <http://www.section508.gov> and <http://www.access-board.gov/sec508/standards.htm>. Offerors providing EIT shall fully address all standards identified as applicable in each individual task/delivery order and are encouraged to maintain and provide a link to a designated area on their website that provides Section 508 and accessibility information for their EIT-related products and services. Compliance with the applicable Section 508 standards is a material requirement of this solicitation.

CONTRACTOR TEAMING ARRANGEMENTS (CTAs):

Contractor Team Arrangements (CTAs) are encouraged under the Federal Supply Schedules Program, for additional information see our website at www.gsa.gov/ctas.

552.211-15 Defense Priorities and Allocations System Requirements (SEP 2004)*(a) Definitions.*

Approved program means a program determined to be necessary or appropriate for priorities and allocation support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Department of Homeland Security Under Secretary for Emergency Preparedness and Response under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes, and Executive Order 12742. See Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols at <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm>.

Defense Priorities and Allocations System (DPAS) means the regulation published at 15 CFR part 700 that requires preferential treatment for certain contracts and orders placed by a Delegate Agency in support of an approved program.

Delegate Agency means an agency of the U.S. Government authorized by delegation from the Department of Commerce (DOC) to place priority ratings on contracts or orders needed to support approved programs.

Rated order means, for the purpose of this contract, a delivery or task order issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

(b) Rated Order Requirement.

From time to time, the Contractor may receive a rated order under this contract from a Delegate Agency. The Contractor must give preferential treatment to rated orders as required by the Defense Priorities and Allocations System (DPAS) regulation (15 CFR part 700). The existence of previously accepted unrated or lower rated orders is not sufficient reason to reject a rated order. Rated orders take preference over all unrated orders as necessary to meet required delivery dates. There are two levels of ratings designated by the symbol of either "DO" or "DX." All "DO" rated orders have equal priority with each other and take preference over unrated orders. All "DX" rated orders have equal priority with each other and take preference over "DO" rated orders and unrated orders. The rating designation is followed by a program identification symbol. Program identification symbols indicate which approved program is supported by the rated order (see Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols).

(c) Additional information.

Additional information may be obtained at the DOC DPAS website <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm> or by contacting the designated Administrative Contracting Officer.

552.238-80 Use of Federal Supply Schedule Contracts by Certain Entities--Recovery Purchasing (FEB 2007)

- (a) If an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)-- Alternate I, elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:
- (1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies "Compliance with laws unique to Government contracts" (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.
- (2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (e.g., Federal Acquisition Regulation 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B).
- (3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect

to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(7) The state or local government ordering activity will be responsible for purchasing products or services to be used to facilitate recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) or to facilitate recovery from terrorism or nuclear, biological, chemical, or radiological attack.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I, the Contractor agrees to the following conditions--

(1) The ordering activity is responsible for all payments due the Contractor for the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(2) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(c) In accordance with clause 552.238-74, Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number--

(1) The dollar value for sales to entities identified in paragraph (a) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I; and

(2) The dollar value for sales to entities identified in paragraph (d) of clause 552.238-78, Alternate I.

I-FSS-599 ELECTRONIC COMMERCE—FACNET (SEP 2006)

(a) General Background.

The Federal Acquisition Streamlining Act (FASA) of 1994 establishes the Federal Acquisition Computer Network (FACNET) requiring the Government to evolve its acquisition process from one driven by paperwork into an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI means more than merely automating manual processes and eliminating paper transactions. It can and will help to move business processes (e.g., procurement, finance, logistics, etc.) into a fully electronic environment and fundamentally change the way organizations operate.

(b) Trading Partners and Value-Added Networks (VAN's).

Within the FACNET architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and contractors (now known as "trading partners"). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's).

EDI can be done using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If your VAN only provides communications services, you may also need a software translation package.

(c) Registration Instructions.

DOD will require Contractors to register as trading partners to do business with the Government. This policy can be reviewed via the INTERNET at http://www.defenselink.mil/releases/1999/b03011999_bt079-99.html.

To do EDI with the Government, Contractors must register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners, called the Central Contractor Registration (CCR) <http://www.ccr.gov/>, has been developed. All Government procuring offices and other interested parties will have access to this central repository. The database is structured to identify the types of data elements which are public information and those which are confidential and not releasable.

To register, contractors must provide their Dun and Bradstreet (DUNS) number. The DUNS number is available by calling 1(800)333-0505. It is provided and maintained free of charge and only takes a few minutes to obtain. Contractors will need to provide their Tax Identification Number (TIN). The TIN is assigned by the Internal Revenue Service by calling 1(800)829-1040. Contractors will also be required to provide information about company bank or financial institution for electronic funds transfer (EFT).

Contractors may register through on-line at <http://www.ccr.gov/> or through their Value Added Network (VAN) using an American National Standards Institute (ANSI) ASC X12 838 transaction set, called a

"Trading Partner Profile." A transaction set is a standard format for moving electronic data. VAN's will be able to assist contractors with registration.

(d) Implementation Conventions.

All EDI transactions must comply with the Federal Implementation Conventions (IC's). Many VAN's and software providers have already built the IC requirements into their products. If you need to see the IC's, they are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.itl.nist.gov/lab/csl-pubs.htm>. IC's are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional Information.

GSA has additional information available for vendors who are interested in starting to use EC/EDI. Contact the Contracting Officer for a copy of the latest handbook. Several resources are available to vendors to assist in implementing EC/EDI; specific addresses are available in the handbook or from the Contracting Officer:

- (1) Electronic Commerce Resource Centers (ECRC's) are a network of U.S. Government-sponsored centers that provide EC/EDI training and support to the contractor community. They are found in over a dozen locations around the country.
- (2) Procurement Technical Assistance Centers (PTAC's) and Small Business Development Centers (SBDC's) provide management assistance to small business owners. Each state has several locations.
- (3) Most major US cities have an EDI user group of companies who meet periodically to share information on EDI-related subjects.

(f) GSA *Advantage!*[®]

(1) GSA *Advantage!*[®] will use this FACNET system to receive catalogs, invoices and text messages; and to send purchase orders, application advice, and functional acknowledgments. GSA *Advantage!*[®] enables customers to:

- (i) Perform database searches across all contracts by manufacturer; manufacturer's model/part number; vendor; and generic product categories.
- (ii) Generate their own EDI delivery orders to contractors, generate EDI delivery orders from the Federal Supply Service to contractors, or download files to create their own delivery orders.
- (iii) Use the Federal IMPAC VISA.

(2) GSA *Advantage!*[®] may be accessed via the GSA Home Page. The INTERNET address is: <http://www.gsa.gov>, or <http://www.fss.gsa.gov>.

The Contractor's electronic files must be complete; correct; readable; virus-free; and contain only those supplies and services, prices, and terms and conditions that were accepted by the Government. They will be added to GSA's electronic ordering system known *GSA Advantage!*[®], a menu-driven database system that provides on-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic order. I-FSS-646 BLANKET PURCHASE AGREEMENTS (MAY 2000)

Blanket Purchase Agreements (BPA's) can reduce costs and save time because individual orders and invoices are not required for each procurement but can instead be documented on a consolidated basis. The Contractor

agrees to enter into BPA's with ordering activities provided that:

- (a) The period of time covered by such agreements shall not exceed the period of the contract including option year period(s);
- (b) Orders placed under such agreements shall be issued in accordance with all applicable regulations and the terms and conditions of the contract; and
- (c) BPAs may be established to obtain the maximum discount (lowest net price) available in those schedule contracts containing volume or quantity discount arrangements.

**I-FSS-969 ECONOMIC PRICE ADJUSTMENT—FSS MULTIPLE AWARD
SCHEDULE (OCT 2014)**

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

- (a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.
- (b) There are two types of economic price adjustments (EPAs) possible under the Multiple Award Schedules (MAS) program for contracts not based on commercial catalogs or price lists as described below. Price adjustments may be effective on or after the first 12 months of the contract period on the following basis:
 - (1) Adjustments based on escalation rates negotiated prior to contract award. Normally, when escalation rates are negotiated, they result in a fixed price for the term of the contract. No separate contract modification will be provided when increases are based on negotiated escalation rates. Price increases will be effective on the 12-month anniversary date of the contract effective date, subject to paragraph (f), below.
 - (2) Adjustments based on an agreed-upon market indicator prior to award. The market indicator, as used in this clause, means the originally released public index, public survey or other public, based market indicator. The market indicator shall be the originally released index, survey or

market indicator, not seasonally adjusted, published by the [to be negotiated], and made available at [to be identified]. Any price adjustment shall be based on the percentage change in the designated (i.e. indicator identification and date) market indicator from the initial award to the latest available as of the anniversary date of the contract effective date, subject to paragraph (e), below. If the market indicator is discontinued or deemed no longer available or reliable by the Government, the Government and the Contractor will mutually agree to a substitute. The contract modification reflecting the price adjustment will be effective upon approval by the Contracting Officer, subject to paragraph (g), below. The adjusted prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government's examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above.:

(1) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of subparagraph (b)).

(2) Increases are requested before the last 60 days of the contract period, including options.

(3) At least 30 days elapse between requested increases.

(4) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed four percent (4%) of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2) and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Commercial Sales Practice format, per contract clause 52.215-21 Alternate IV, demonstrating the relationship of the Contractor's commercial pricing practice to the adjusted pricing proposed or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: No price increase shall be effective until the Government receives the

electronic file updates pursuant to GSAR 552.238-81, Modifications (Federal Supply Schedule).

(h) All MAS contracts remain subject to contract clauses GSAR 552.238-75, "Price Reductions"; and 552.215-72, "Price Adjustment -- Failure to Provide Accurate Information." In the event the application of an economic price adjustment results in a price less favorable to the Government than the price relationship established during negotiation between the MAS price and the price to the designated customer, the Government will maintain the price relationship to the designated customer.

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (APR 2010)

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are _____ are not _____ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have _____ have not _____, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are _____ are not _____ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1)(i)(B) of this provision; and

(D) Have _____ have not _____, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) *Examples.*

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has _____ has not _____, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal Agency.

(2) "Principal," for the purposes of this certification, means an officer; director; owner; partner; or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

This certification concerns a matter within the jurisdiction of an agency of the United States and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under section 1001, title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealing.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

**CONTRACT LABOR STANDARDS TO CONTRACTS FOR
CERTAIN SERVICES--CERTIFICATION (MAY 2014)**

(a) The offeror shall check the following certification:

CERTIFICATION

The offeror _____ does _____ does not certify that--

(1) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(2) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror;

(3) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1003-4(d)(3) that the Service Contract Labor Standards statute —

(1) Will not apply to this offeror, then the Service Contract Labor Standards clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at FAR 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services—Requirements, in this solicitation will not be included in any resultant contract awarded to this offer, and the offeror may be provided an opportunity to submit a new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision--

(1) The clause of this solicitation at 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services—Requirements, will not be included in any resultant contract to this offeror; and

(2) The offeror shall notify the Contracting Officer as soon as possible if the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

552.217-71 NOTICE REGARDING OPTION(S) (NOV 1992)

The General Services Administration (GSA) has included an option to extend the term of this contract in order to demonstrate the value it places on quality performance by providing a mechanism for continuing a contractual relationship with a successful offeror that performs at a level which meets or exceeds GSA's quality performance expectations as communicated to the Contractor, in writing, by the Contracting Officer or designated representative. When deciding whether to exercise the option, the Contracting Officer will consider the quality of the Contractor's past performance under this contract in accordance with 48 CFR 517.207.

**552.232-82 CONTRACTOR'S REMITTANCE (PAYMENT)
ADDRESS (MAY 2003)**

(a) Payment by electronic funds transfer (EFT) is the preferred method of payment. However, under certain conditions, the ordering activity may elect to make payment by check. The offeror shall indicate below the payment address to which checks should be mailed for payment of proper invoices submitted under a resultant contract.

PAYMENT ADDRESS

--

(b) Offeror shall furnish by attachment to this solicitation, the remittance (payment) addresses of all authorized participating dealers receiving orders and accepting payment by check in the name of the Contractor in care of the dealer, if different from their ordering address(es) specified elsewhere in this solicitation. If a dealer's ordering and remittance address differ, both must be furnished and identified as such.

(c) All offerors are cautioned that if the remittance (payment) address shown on an actual invoice differs from that shown in paragraph (b) of this provision or on the attachment, the remittance address(es) in paragraph (b) of this provision or attached will govern. Payment to any other address, except as provided for through EFT payment methods, will require an administrative change to the contract.

Note: All orders placed against a Federal Supply Schedule contract are to be paid by the individual ordering activity placing the order. Each order will cite the appropriate ordering activity payment address, and proper invoices should be sent to that address. Proper invoices should be sent to GSA only for orders placed by GSA. **L-FSS-400 INTRODUCTION OF NEW SERVICES/PRODUCTS
(INSP) (OCT 2014) FSS A/L FC-98-4**

(a) *Definition.*

Introduction of New Services/Products Special Item Number (INSP/SIN) means a new or improved service or product— within the scope of the Federal Supply Schedule, but not currently available under any Federal Supply Service contract— that provides a new service, function, task, or attribute that may provide a more economical or efficient means for Federal agencies to accomplish their mission. It may significantly improve an existing service or product. It may be a service or product existing in the commercial market, but not yet introduced to the Federal Government.

(b) Offerors are encouraged to introduce new services or products via the Introduction of New Services/Products Special Item Number (INSP/SIN). A new or improved service or product can be offered at anytime. Offerors are requested to clearly identify the INSP/SIN item in the offer.

(c) The Contracting Officer will evaluate and process the INSP/SIN offer. A technical review may be performed. Offerors may be required to demonstrate that the service or product can provide a more economical or efficient means for Federal agencies to accomplish their mission. The Contracting Officer has the sole discretion to determine whether a product or service will be accepted as an INSP/SIN item. The INSP/SIN provides temporary placement until the new service or product can be formally categorized.

(d) If the Contractor has an existing Multiple Award Schedule contract, the Government may, at the sole discretion of the Contracting Officer, modify the existing contract to include the INSP/SIN item in accordance with 552.238-81, Modifications (Federal Supply Schedule).

L-FSS-59 AWARD (APR 1984)

Until a formal notice of award is issued, no communication by the Government, whether written or oral, shall be interpreted as a promise that an award will be made.

Part IV - EVALUATION FACTORS FOR CONTRACT AWARD

Begin Regulation

552.212-73 EVALUATION—COMMERCIAL ITEMS (MULTIPLE AWARD SCHEDULE) (AUG 1997)

(a) The Government may make multiple awards for the supplies or services offered in response to this solicitation that meet the definition of a "commercial item" in FAR 52.202-1. Awards may be made to those responsible offerors that offer reasonable pricing, conforming to the solicitation, and will be most advantageous to the Government, taking into consideration the multiplicity and complexity of items of various manufacturers and the differences in performance required to accomplish or produce required end results, production and distribution facilities, price, compliance with delivery requirements, and other pertinent factors. By providing a selection of comparable supplies or services, ordering activities are afforded the opportunity to fulfill their requirements with the item(s) that constitute the best value and that meet their needs at the lowest overall cost.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Begin Regulation

CI-FSS-151 ADDITIONAL EVALUATION FACTORS FOR AWARD (MAR 2008)

(a) The Government will consider award for a responsible Offeror, whose offer conforms to all solicitation requirements, is determined technically acceptable, has acceptable past performance, and whose prices are determined fair and reasonable.

(1) Section I Administrative/Contract Data: Section I Administrative/Contract Data will be evaluated for its successful completion of all requirements outlined in the Instructions to Offerors in Part II of the Solicitation Document. The firm must be determined financially responsible based on the financial information provided.

(2) Section II Technical Proposal:

(i) Section II Technical Proposal will be reviewed, evaluated and rated acceptable or unacceptable (Go/No Go) based on the four technical evaluation factors described in the Specific Proposal Submission Instructions to Offerors in the Cover Page of the Solicitation document. Award will be made on a SIN-by-SIN basis. A rating of "unacceptable" under any evaluation factor will result in an "unacceptable" rating overall for that SIN. Offers determined technically unacceptable for all proposed SINs will be rejected.

(ii) Factor One – *Corporate Experience*: Failure to provide the information as described in the Specific Proposal Submission Instructions for Factor One will result in an "unacceptable" rating for that SIN. The Offeror shall have demonstrated that the firm can successfully perform, administer and complete ordering activity tasks that may be awarded against a contract awarded under this solicitation. They must also demonstrate that the services proposed for each SIN are within the Scope of Work in Part I of this solicitation.

(iii) Factor Two – *Relevant Project Experience*: The Offeror must submit the information

described in Factor Two of the Specific Proposal Submission Instructions located on the Cover Page of the solicitation, and must also demonstrate the successful completion of orders which are of a similar or greater complexity to the orders described in the statement of work in Part I of the solicitation.

(iv) Factor Three – *Past Performance*: Failure to provide information as described in Factor Three of the Specific Proposal Submission Instructions may result in an “unacceptable” rating for the Technical Proposal. The results of the Open Ratings Past Performance Evaluation will be considered, along with other information available to the Contracting Officer in determining the past performance rating of the Offeror. The Government reserves the right to consider any other pertinent information which comes to the attention of the Government regarding the Offeror’s past performance. The Government will consider the Offeror’s performance in the following key areas: Overall Performance, Reliability, Cost, Order Accuracy, Delivery/Timeliness, Quality, Business Relations, Personnel, Customer Support, and Responsiveness. Those Offerors demonstrating a pattern of consistent acceptable performance will receive an acceptable rating.

(v) Factor Four – *Quality Control Plan*: Failure to provide the required information as described in Factor Four of the Specific Proposal Submission Instructions to Offerors may result in an “unacceptable” rating for the Technical Proposal.

(vi) Offerors are on notice that proposals that are unrealistic in terms of technical commitment, lack technical competence, or are indicative of failure to comprehend the complexities and risks of solicitation requirements will be rejected.

(3) Section III Price Proposal:

(i) Section III Price Proposal will be evaluated for its successful completion of all requirements outlined in the Specific Proposal Submission Instructions in the Cover Page of the solicitation document. In order for the Section III Pricing proposal to be rated acceptable, the Contracting Officer must determine that the proposed pricing is fair, reasonable, and supportable, based on the submission of sufficient pricing information as outlined in the Proposal Submission Special Instructions.

(ii) The proposed pricing must be advantageous to the Government, and inclusive of the Industrial Funding Fee (IFF). If the rates offered are not “equal to or lower than” the MFC, an acceptable justification must be provided.

Note: The Government reserves the right to award without discussions. Therefore, the Offeror's initial proposal should contain the best terms from a price and technical standpoint.

(4) _____ Have, _____ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. § 362 (the Bankruptcy Code).

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.
